

## Electric Cable Hoists | 400 Lbs. | Scorpio Plus XL

**Scorpio Plus XL**  
with Vertical Post Mounting System

### Key Features

- Perfect for smaller projects with lighter load requirements.
- Lift up to 400lbs. at 80 ft. per minute.
- Solid entry-level hoist with single phase, 110v power.
- Optional Vertical Post Mounting System easily attaches to the leg of scaffolding and pivots 180°, allowing convenient loading and unloading of materials at any work level.
- Installs easily on existing scaffold systems, work platforms, I-Beams, and rooftop mounting systems.

### Safety Features

- Water Tight Connectors
- Failsafe brake holds the load securely when not lifting or lowering.
- Non-rotating cable helps keep loads from spinning.
- Upper-limit Switch Assembly stops the hoist instantly when activated.
- Sturdy Electrical Controller equipped with thermal overload sensing device.
